United States Consul John Fowler's ship is expected to bring fifty missionaries and French priests from the mouth of the Yellow river, whither they are flocking from the interior. The commander of the Chinese cruiser Hai-Chai allowed Mr. Fowler to go to the relief of the missions at Yang-Tse Kiang, and assured him of protection. It is reported that the Russians are mov-

The City Found to Be in a Horrible Condition-Dead Unburied.

LONDON, June 26 .- The Hong-Kong and Shanghai bank's London branch yesterday received confirmation of the news of the relief of Tien-Tsin, and at about the same time, Mr. Dawson, a delegate from Singa-Kingdom now in session here, informed his fellow delegates, amid loud cheering, that he had just received a dispatch from his son, announcing the relief of Tien-Tsin. The news reached Beriin later from the German consul at Che-Foo, who announced that the relief column entered Tien-Tsin during the afternoon of June 23, and started again June 24, to rescue Vice Admiral Seymour, who with the foreign ministers, was said to be occupying a position 121/2 miles from Tien-Tsin, where he was surrounded and hard pressed by a great force of Boxers and Chinese regulars. Possibly the Japanese report that Seymour is a prisoner and that the ministers had left Peking guarded by Chinese soldiers is merely a distorted version of the Berlin story, but in any event, definite news may be expected speedily and it is confidently be

Dairy Interests Suffering.

ST. PAUL, Minn., June 26 .- "The existing drought will mean a loss of millions of dollars to the dairy and butter industries of Minnesota," said Commissioner J. M Bowler, of the State dairy and food department, this morning. The butter output of the State has fallen off 25 per cent. in the last month, because of the scarcity of hay, grass and fodder due to the drought. Commissioner B. D. White said that Minnesota annually produces more than \$10,000,000 worth of butter, but there will be a decrease of fully 50 per cent. this year. Encouraging reports have been received from the counties in extreme southern portion of the State, where a fair amount of rain has fallen.

This is probably merely a reiteration of the previous reports on the same subject.

ALLEGED DISCORD.

Russians and Anglo-Americans Said to Be Quarreling.

[Copyright, 1900, by the Associated Press.] CHE-FOO, June 26.-The officers of the British first-class cruiser Terrible assert that discord exists between the Russians and Anglo-Americans and say they be lieve the Russians are planning to break pore to the Congress of the Association of the concert and take possession of Peking Chambers of Commerce for the United independently. They assert that Admiral Seymour's command lacked unison, the foreigners sulking because they were under British leadership. They bitterly denounce the Russian general's conduct as uncivilized and barbarous, and charge that the slaughter of peaceful Chinese at Taku has aroused the otherwise passive natives gainst the foreigners.

The officials here receive with regret and concern the reports from Che-Foo that dis cord existed between the Russians and the so-called Anglo-Americans. Coming from the officers of the Terrible, it is considered as largely "sailor talk." At the same time it has been recognized from the outset that such a heterogeneous force gave opportunities for serious division, as it is well known that the sailors and soldiers of certain countries do not like to serve under British commanders and that British sailors and soldiers have the same dis inclination to take orders from a foreign superior. But it was hoped that the difficulties of the moment would lead all differences to be sunk in order that a common purpose might be executed against a common enemy. One of the chief dangers apprehended is that the foreigners would separate into factions, not only reducing their power against the Chinese, but opening up the more serious possibility of an international imbroglio between the forces of the foreign powers. Besides this it felt here that the Russian authorities, al ways sensitive, will quickly resent this imputation of barbarism and cruelties. The officials here accept these charges with great allowance and they particularly express their displeasure at having the Americans brought into an apparent disruption with the forces of another power. Thus

No Cause Yet to Impute Bad Faith to the Chinese Government.

BERLIN, June 26 .- It is evident that Germany has been interchanging opinions with Russia and other powers during the last twenty-four hours and that the foreign officers have been receiving new instructions from Count Von Buelow, minister of foreign affairs, who is still having hourly conferences with Emperor William at Kiel As a result Germany takes the position 4 outlined this evening by a high official of the Foreign Office, as follows: "The German government does not yet see any cause 86 to impute bad faith to the Chinese government and to saddle the responsibility on Peking for the participation of Chinese troops in the Boxer excesses. At least all reliable news receive here thus far leaves the question of responsibility still open. This view is shared by other powers. For the same reason the question of dethroning the Empress has not yet been

discussed between the powers." The correspondent of the Associated Press asked the official whether, in case the complicity of the Chinese government were proved and Russia should still persist in maintaining that a state of war did not exist and that the Empress should be retained. Germany would continue to side with Russia. "Germany," the official reolied, "wishes to act in harmony with all the powers rather than to further the individual aims of any one." The official added that no policy has yet been agreed on by the powers as to what course to pursue should it be found that the mintsters at Peking had been murdered, and when the correspondent suggested that the pacific assurances of the Chinese ministers at European capitals were of doubtful veracity he replied: "Germany has no

means of determining the truth or falsity of such assurances. The Berlin papers take a dispassionate view of the situation, but they agree regarding its gravity. The semi-official Neueste Nachrichten insists that provision be made for large transmarine troops in the future. IN THE BRITISH COMMONS.

Questions Concerning the Chinese Sit-

uation and Replies by Ministers. LONDON, June 26.-Replying to a question of Sir Ellis Ashmead Bartlett, Conservative, in the House of Commons, today, as to whether the British government will arrange with Japan, as the only power able to act without delay, to send an adequate land force to China, A. J. Balfour, the first lord of the treasury and government leader, said it was undesirable to outline the nature of the negotiations in this connection, but, he added, her Majesty's government would welcome the dispatch of troops by any power which, owing hospitals are being deserted by the students to its proximity, may be able to act at once for the suppression of the disturbances in China. The first lord of the Admiralty, George J. Goschen, admitted that owing to the

absence of the senior British admiral the Russian admiral was the head of the international forces on water. The parliamentary secretary of the Foreign Office, Mr. St. John Brodrick, in reply to a question, said: "We have no direct information from the legations or Admiral Seymour's force or from Tien-Tsin. Francois, the French consul, and those with him at Yun-Nan-Sen, started on June 24 for Tonquin. The viceroy, it was added, had number of well-officered soldiers accompanying the party for protection over the entire route, and it was believed they would be able to leave the province without difficulty. PRECAUTIONARY ORDERS.

Presbyterian Missionaries Instructed

to Go to the Coast. NEW YORK, June 26 .- Instructions were cabled to-day to the Presbyterian missionaries in central and southern China by Charles W. Hand, treasurer of the Foreign Missionary Board of the Presbyterian Church, to watch the situation closely and to go to the coast with their families in case the Boxer troubles extend to the southern provinces. The Rev. Dr. F. F. Ellinwood, one of the secretaires of the

foreign board, said: "We cabled to the Rev. George F. Fitch our representative at Shanghai, directing him to authorize our missionaries at Ku-Ling to go down the river to Shanghai in case there is any likelihood of a disturbance in that district. As yet the troubles do not seem to have spread to central or southern China, but there is no telling when the present outbreak will end. In view of the opposition the allied forces are meeting in their advance on Peking we feel that our workers in other districts should get as near the coast as they can while there is time."

COL. DENBY WORRIED.

He Has Not Heard from His Son and Latter's Wife Since Trouble Begun.

Special to the Indianapolis Journal. EVANSVILLE, Ind., June 26.-Col. Charles Denby, ex-minister to China, received a telegram this evening from the Chinese minister at Washington saying he had no direct information as to the foreign-

heard from them since the beginning of the troubles in China. Colonel Denby has sent MICHIGAN REPUBLICANS several cablegrams to China and is invoking high official aid in his endeavors to secure information but has failed. He is

much worried as to the outlook. No News of Kokomo Missionaries.

Special to the Indianapolis Journal. KOKOMO, Ind., June 26.-Arthur Pyke, of the Kokomo postoffice force, whose parents, a brother and three sisters, are at Tien-Tsin, China, has received the following from the Rev. A. B. Leonard, who is in charge of the main office of the Methodist Foreign Missionary Society: "I assure you we are exceedingly anxious here. We have had several cablegrams, the last being very unsatisfactory. It came from Che-Foo. One yesterday told of the ladies of Tien-Tsin being taken to Taku. It is possible that all had gone to Taku except the persons named in Brown's cablegram, Hopkins, Brown and King, and this was forwarded to assure us that they also are safe. However, this is mere conjecture, and I am in great perplexity as to the situation at Tien-Tsin.

A Chinese Placard. PHILADELPHIA, June 26.-Mrs. Oliver Clifford, who, with her husband, is connected with the Presbyterian Mission at Tien-Tsin, writes, under date of May 29, to her brother in this city as follows: "We sleep now with our firearms close at hand. Oliver and I each have a brace of pistols under our heads. I always have two valises packed, ready to flee at any moment, and the entire foreign population is anxiously watching for the first sign of an uprising. Last Monday morning, when the people awoke in the city, huge placards were found posted on the walls and fences, reading as follows: 'The heavens are displeased at the presence of the foreign dogs in China. The

Gods have decreed that there shall be no more rain in the whole kingdom until they are all expelled." Missionaries at Hong-Kong.

Woodward shot his stepdaughter because she caused his arrest.

CHAFFEE GIVEN ORDERS.

(CONCLUDED FROM FIRST PAGE.) cleared up by the Admiral's report that the force has got through with very small loss. It remains yet to be reported how the relief column found affairs at Tien-Tsin, where, according to the unofficial reports of last week, anarchy prevailed and the foreign quarters were destroyed. But the Admiral's report turned attention in a new direction by the statement that the Peking relief force is reported "Ten miles from Tien-Tsin surrounded." This is the first word of any that has located the party of 2,500 under Vice Admiral Seymour and including Captain McCalla with about 100 United States marines. The last heard of them was on June 12-just two weeks ago-when they were stalled at Lang-Fang, about two-thirds of the way from Tien-Tsin to Peking, short of supplies and water, the railroad torn up, and with a menacing army of Chinese about them. If Admiral Kempff's information be correct, it discloses that Admiral Seymour's force has not been able to get through to Peking, but has retraced a good part of the distance previously covered, and is now back within ten miles of Tien-Tsin. The whole distance from Tien-Tsin to Peking is about eighty miles and the Seymour expedition, when at Lang-Fang, has covered about fifty-five miles of this distance. It is to succor this Seymour party that the latest expedition left Tien-Tsin on the 24th inst., according to Admiral Kempff's re-

There have been so many expeditions fused as to the several movements, and it is well to locate the different expeditions as they stand by the latest dispatch. The first body of foreign troops, about 450 in number, and including fifty-six American marines, which went to Peking to guard ware, O., stating that he has received word | the legations, is thought to have got through. The second force of 2,500, under Admiral Seymour, after making two-thirds of the distance, is now back ten miles from Tien-Tsin, according to Admiral Kempff. The first force which went against Tiensince the uprising of the Boxers. Mr. and Tsin, including Major Waller's marines and 400 Russians, were repulsed with loss. This was reinforced to 2,000 men and the reinforced body entered Tien-Tsin on the 23d. On the 24th a relief column started to the assistance of the force ten miles from Tien-Tsin. These several bodies are widely separated and show the extent of the present field of action.

Losses by Fire.

ST. PAUL, Minn., June 26 .- To-night fire destroyed nearly half the booths, with contents, in the three squares devoted to the street fair part of the Elks' carnival. It is mpossible to estimate the damage. The street was crowded. A panic followed the alarm of fire and for a time it was thought many persons had been injured, if not killed. However, reports of deaths were unfounded and those injured were only slightly hurt. The Midway feature of the carnival escaped. NEW YORK, June 26 .- Fire to-night in

way, occupied by various merchants, did \$75,000 damage. The principal losers are John Donnat & Co., Zeeman Brothers, makers of ladies' waists and infants' wear, and Bearwanger, Krauss & Fressauer, manufacturers of neckwear. NEW YORK, June 26 .- The buildings and trestles of the Consumers' Coal and Ice Company at Bayonne, occupying an entire city block, were destroyed by fire early

ASSEMBLED AT GRAND RAPIDS TO NOMINATE STATE TICKET.

Six Candidates for Governor, with Col. Bliss the Favorite-Quigg's Reply to Grosvenor.

GRAND RAPIDS, Mich., June 26 .- The Republican state convention will be called o order to-morrow morning in the Auditorium. A full state ticket will be nominated. Daniel Markley, of Port Huron, has been selected for temporary chairman and his selection for that office will undoubtedly be permanent. There are six candidates for the gubernatorial nomination: Ex-Representative Aaron T. Bliss, of Saginaw; Dexter M. Ferry, of Detroit; Justice Stearns, of Ludington, the present secretary of state; Charles S. Osborne, of Sault St. Marie: Milo D. Campbell, of Coldwater, the present state insurance commissioner; Representative James O. Donnell, of Jackson. The number of aspirants for other places on the ticket is also very large It appears certain that Colonel Bliss will lead on the first ballot, with Stearns not far behind. The others will not receive a considerable number of votes in the early balloting, but in the event of a deadlock, which now seems probable, their strength might assume formidable proportions Former United States Senator John Patton, of Grand Rapids, is also spoken of as a likely dark horse. Governor Pingree and the state administration favor the nomination of Stearns. The Governor has said that if Ferry were nominated he would himself again run for Governor on an independent ticket. It is probable no nominations will be attempted before Thursday.

The Washington Platform Was Never Accepted by the Subcommittee.

NEW YORK, June 26.-After reading General Grosvenor's statement, last night, Mr. Quigg said: "The document to which Mr. Grosvenor refers was never approved by the subcommittee and was never accepted as a platform. It was a sort of abstract of a much longer document which had been prepared at Washington. Neither the longer document nor the shorter one was at any time adopted by the committee in whole or in part. The points made in both of them were severally considered by committee and conclusions were reached in every case unanimously as to what the subcommittee wanted to say. was then requested to put together the conclusions which the subcommittee had reached. Those conclusions were the platform and there never was any other. As to the two planks against which Mr Grosvenor has directed his criticism, I had no more to do with them than to put into words the decision of the committee.

Senator Depew Makes a Speech That

Depew and Senator Foraker made addresses at a mass meeting to-night, called for the purpose of ratifying the nomination of the candidates recently selected by the national Republican convention, at Philadelphia. Prominent politicians from all over the country were present. Dr. Seth Low presided. Senator Depew said: "In the uprising of fanatics in China, and the massacres, torture of engineers, alike with Russians, Englishmen, Frenchmen and Germans, the safety of the American citizen is involved. Instead of being six thousand miles distant, as we would have been a year ago, we have an army at Manila and a fleet in its harbor within four days of Hong-Kong. The moral and effect of our ability to once with the civilized nations in this work rescue are incalculable. I believe the Philippines will be enormous markets and sources of wealth to the United States, that their people will be advanced in civilization and the benefits of self-government, but beyond these considerations, which justify their retention, the part that they enable us to play upon the world's stage in this war of humanity, of the protection of the dearest rights of our people, of the rescue of our kindred and the position of our country among the millions of Asia compensented and justify their capture, the supression of the rebellion within their borders and the holding of them forever as territories of the United States.

"I believe that the great safeguard for the public in all corporations, in all concerns that live by a public character is compulsory publicity. Every transaction of a corporation and trust should be as open
